## PROFILE SUMMARY

To Enhance My Professional Skills, Capabilities And Knowledge In An Organization Which Recognizes The Value of Hard work And Trusts Me With Responsibilities and Challenges. My goal is to continually learn and adapt, while also leveraging my skills to achieve excellence and make a positive impact within the company.

## PROJECTS

### TRANSACTION TRACKER MODEL IN UI/UX

Use Figma Tool and Adobe XD

- To Track monthly transactions clearly with day-by-day updates, design a user-friendly system that includes a summary dashboard showing monthly totals and balance changes.

### FOOD ORDER APPLICATION MODEL IN UI/UX

Use Figma Tool and Adobe XD

- Users should be able to browse menus with high-quality images and clear descriptions, easily customize their orders, and manage their cart with ease.

### DEALS HUB PROJECT

- Our project is all about making it easier for people to find and use great deals from local stores
- We're creating an app where stores can easily share their special offers, and users can get notifications about these deals and even buy directly through the app

## CERTIFICATION

- Certification of Great Learning in UI/UX
- Certification of wild learner in HTML
- Certification of wild learner in CSS
- Certification of Oracle in Java
- Certification of Infosys Springboard in Python

## DECLARATION

I hereby declare that all the information given above is true and correct to the best of my knowledge.
